Dear friends,

As a believer in our Lord Jesus Christ, you surely know what He wants us to do above all else. After He rose from the dead He met with His disciples several times during a forty day period, and most of what he told them can be summed up in eight words: **Go teach ALL NATIONS AND MAKE THEM DISCIPLES** (Matthew 28:19). A nation in the biblical sense is a group of people having their own distinct language and cultural customs. About 90% of unreached nations were closed off from foreign missionaries. But God has an answer: **NATIVE MISSIONARIES SERVING IN THEIR OWN NATIONS**. But there is a problem: native missionaries had no source of financial support. Due to poverty and persecution, local churches are barely self-supporting. God's answer to this dilemma is organization such as World Mission 360 which is a registered charity organization who will provide biblical training, teaching, leadership and financial support to the frontline shepherds and Christian workers. With the prayers and help of our partners and donors, thousands of souls have won to Christ, and many churches were planted, and were able to demonstrate the love of Christ through compassion projects. We could never go to these places and support these courageous native missionaries without your help. We don't know how much longer foreign missionaries will be able to go to some of these countries- but the national missionaries and leaders will remain. **We must come to their aid now.** So I do not hesitate to ask you to support the missionary outreach of World Mission 360. I believe your offering and sacrificial support will go further for God's kingdom through native missionary work than anywhere else you can give toward completing the unfinished task of fulfilling the great commission and commandment of our Lord Jesus. As you give your Christmas and year-end offering to World Mission 360, you are sowing into what is dearest to the heart of God. All your donations are tax-deductible. **Together we can plunder the hell to populate heaven.**

From all of us at World Mission 360, we wish you a Merry Christmas and a Happy New Year!

Yours for the unreached,

Samuel & Saramma (Lilly) Isaac

Fulfilling the Great Commission
to All the World

The vision of World Mission 360 is to equip witnesses for Christ within every unreached villages, tribes, and nations on earth. More than 650,000 villages in India are unreached, meaning they have never heard the gospel of Christ. World Mission 360 has found that the most efficient and effective way to reach the unreached with the gospel is to support native missionaries and demonstrate Christ love through compassion projects.

Evangelizing the unreached: World Mission 360 spreads the gospel through open air preaching, evangelistic conventions, literature distributions, village tent meetings, youth camps, door to door visits, personal evangelism and Sunday School. Evangelism is also done through Christmas and other Holiday celebrations where families of villages will attend.

Planting Churches: The good Lord helped us to plant 25 new churches in the year 2011. The membership of these churches ranges from 50 to 250 who are attending Sunday Worship regularly. In the month of October alone more than 122 new believers were baptized in the water in three different churches and all of them are from Hindu and Muslim backgrounds. One Hindu priest also received baptism.

Training Missionaries: Many new converts possess the enthusiasm to share Christ with others, but lack a solid foundation in the basics of faith. In order to teach and train them, World Mission 360 started a Bible School in Tarapur, Gujarat State India. We have 10 students and staffs are residing in the School campus.

Caring for Children: As of the Month of October, 2011, World Mission 360 started a Children's Home named Shanti Bhavan, meaning Peace Cottage with 25 children, who are abandoned, destitute or orphaned children. Some of them were picked up from streets and were eating food from trashes and living on the street. We are providing them with 3 meals a day, clean place to live, clothing and education in a loving, Christian environment.

Feeding the Hungry: We are feeding regularly 175-200 people every week in North India who are destitute, hungry, and sick.

Medical Camp: In the month of November, 2011, World Mission 360 conducted medical camps in North Indian villages. The medical team consulted 1500 patients, more than 3500 prescription medications were given, and 800 eye glasses were distributed free of charge. These medical camps opened the door for us to share the gospel of the ultimate healer our Lord Jesus.

Digging wells: Many people suffer from sickness and diseases in poverty stricken villages where clean water is unavailable. World Mission 360 provides native missionaries with the means to drill Bore Wells to provide entire village with clean water.

Vocational Training: World mission 360 is planning to start vocational training institute to both young men and women to learn a skill or trade so they can support themselves in a dignified manner. Most of them are disowned from their community because of their new found faith. It is disheartening to see that some of the young girls are sold into prostitution for survival.

Church Building: We are experiencing rapid growth of churches in India and it is impossible for the pastors to accommodate them in their huts. Most of the believers are worshipping the Lord sitting outside in the Sun for hours. World Mission 360 has to build 10 new church buildings in the year 2012. Three believers contributed a portion of their land to build churches. We need to build those three churches immediately. We need \$7000-8000 for each of the buildings.

(Ground Breaking for new Church Building)

Head Quarter/ Bible School: World Mission 360 is in dire need of a Head Quarter/ and Bible school building to accommodate all the ministerial activities in India. We have located 3 potential lands sites to purchase to build these facilities. We need to buy one of these as soon as possible and start building the building process. The Estimated cost of this project is \$300,000.00.
